

WAKING TO THE RHYTHM OF A NEW MYTH

Weeklong Personal Mythology Workshop Sunday Nov 19 - Friday Nov 24, 2017

- Your personal mythology is the internal guidance system that shapes your journey through a world of bewildering personal and social change.
- The more effective your guiding mythology, the better equipped you are to meet the challenges your life presents.
- In this workshop, you will systematically examine your guiding mythology and make deep shifts in areas where it is not serving you.
- The outcome can be a renewed life journey that is more empowered, more vital, and more spiritually attuned.

David Feinstein, PhD, is a clinical psychologist who has served on the Johns Hopkins Medical school faculty. His groundbreaking book, *Personal Mythology*, received the U.S.A. Book News Best Psychology/Mental Health Book Award of 2007. He and his wife, Donna Eden, run the world's largest Energy Medicine Certification Program.
